Press Release

SOSCV! Presents CVUSD with an additional \$21,000

Save Our Schools Castro Valley! presents another check for \$21,000 to the Castro Valley Unified School District to help offset budget cuts.

Castro Valley, California, November 18, 2009: Save Our Schools Castro Valley! (SOSCV!), a non-profit organization established in March of this year to help reduce the impact of budget cuts in education, presented another check to the Castro Valley Unified School District (CVUSD) at the School Board meeting on Wednesday, November 18. This brings the total funds contributed to the district by SOSCV! since early September to \$41,000. The organization consists of parents representing public schools within the Castro Valley Unified School District, and has been working tirelessly since starting their fundraising campaign during the first week of May to raise money to help the school district deal with the current budget crisis.

“SOSCV! is happy to continue providing donations from the community to the district to support the great programs and staff that have positioned our schools in the top-tier of performance within the State of California,” stated Allen Mueller, President and Co-Founder of Save Our Schools Castro Valley!

SOSCV!'s goal is to raise \$365 per student which would enable the organization to restore \$3.2 million in funding to the District. “Our mission is to preserve the excellent education system in Castro Valley by receiving unrestricted donations from the community to restore the district-wide program and staffing cuts that all of the other school fundraising organizations cannot affect due to their targeted approaches.”

SOSCV! is continuing to expand their fundraising activities into corporate and small businesses in the local Castro Valley community as well as pursuing grants, and of course donations from residents both with children in Castro Valley schools and those without. SOSCV! believes that everyone will be impacted by this crisis, so everyone needs to be a part of the solution.
