

Save Our Schools Castro Valley!

Press Release

Dr. Shervin Yazdi presents SOSCV! with \$5,000 check

SOSCV! receives a major sponsorship from Dr. Shervin Yazdi, and announces the kickoff of a new promotion.

Castro Valley, California, January 8, 2010: Save Our Schools Castro Valley! (SOSCV!), a non-profit organization established in March of last year to reduce the impact of budget cuts in education, received a check for \$5,000.00 from Dr. Shervin Yazdi. Today's donation represents the largest single donation received to date from the Castro Valley business community. Dr. Shervin Yazdi, Pediatric Dentistry and Orthodontics in Castro Valley, presented the check to SOSCV!, and stated, "Let this be a down payment of my gratitude to those who have done much more than I have for our community. Signaling our commitment to SOSCV! and its mission, we will offer our profits from all new SOSCV! referred orthodontia patients to be donated to SOSCV! We encourage the community to go to the SOSCV! web site, and their fundraising page, to learn more about this great opportunity to save our schools!"

"Our schools are as important to the businesses in this community as they are to families." stated Allen Mueller, President and Co-Founder of Save Our Schools Castro Valley! "We all have a stake in the future of the students of Castro Valley, whether they will eventually work in our local businesses or will pursue other paths in life. The quality of the schools is directly related to the quality of life in the community and also the quality of the business environment."

SOSCV!'s goal is to raise \$365 per student which would enable the organization to restore \$3.2 million in funding to the District that has been lost in recent budget cuts. "We need to raise these funds quickly in order to be ready to head off the most serious cuts ever faced by our school district, which will likely be announced by the end of February."

SOSCV! is continuing to expand their fundraising activities into corporate and small businesses in the local Castro Valley community as well as pursuing grants, and of course donations from residents both with children in Castro Valley schools and those without. SOSCV! believes that everyone will be impacted by this crisis, so everyone needs to be a part of the solution.
